Comments: This group has more inside amplitude than Groups A, B or C, but with a shorter length than Group B and C.

This motorhome are full equipped with kitchen with fridge, hot water shower, and so on. This distribution has a big kitchen worktop and shower separated to the toilet. The shower is comfortable even in winter because it has an exit of direct heating in the bath.

Outside the vehicle it has a exterior compartment with space to put a baby sea or a table and chair camping set. To put bikes you will need the bike support.

This is the perfect motorhome for a couple that wants more inside amplitude, o a couple with children that are the first experience in this way to travel, due at his short measures. It has a double bed top the cabin, and other double bed in the dinned. The top bed has a protector in order the children do not fall.

Cruise Control, Double Airbag, ABS,
ASR, RWD, and short dimensions...

With all Comfort

Relax ...

Claraboya de doble cristal y grandes dimensiones. Ajuste continuo para asegurar el máximo de luz solar y de circulación de aire, creándose un cálido y confortable ambiente en el habitáculo. La claraboya puede permanecer siempre abierta, ya que no existe riesgo de que penetre el agua de lluvia. Las cuatro luces halógenas integradas se encargan de asegurar una armoniosa luminosidad durante la noche.

Taking care of Details

1) Why travel in Motorhome

- Because it allows you to realise a travel at your measure, alternate natural places with great European cities.
- The time is yours, you will decide if you wish to remain more time in this special beach in the north the Spain, or spend the time that you desire in the Prado museum in Madrid.
- Ideal to travel with children, you will have all with you, like being at home: it cooks with refrigerator, beds, bathroom, etc.

2) Why a motorhome of brand Hymer

- Because Hymer is the brand with better insulation. Its patented pual system makes that you have a pleasant travel even in really low temperatures. It is perfect to skiing or to support high temperatures too. The pual system is also great noise insulation.
- Because we do not forget safety, our motorhome have the security system: ABS, ASR, RWD, Double Airbag, all the technology to make safety your travel.

3) Why with Autocaravan Express

- In our staff we have mechanicals with experience in motorhomes that will help you if you have some doubt or problems during your travel. We have expert in mechanical, electricity, and so on. We are working with the brand Hymer during more of 20 years.
- Because even being the brand more expensive in the market, we know that in rental the quality is very important, and is a guaranty of relaxes holidays.
- Because we rent motorhome during more of 22 years, and our experience makes learn of our mistakes. All our staff is passionate users of this way to travel, we can help you if you have some doubt in your travel program. The most of us we travel around all Europe and Morocco. We will be at your entirely disposition.
